In 2020, Year 4 pupils in England will sit an online test known as the Multiplication Tables Check (MTC) which takes a maximum of 2 minutes and 30 seconds to complete. In 2019, current Year 4 pupils will carry out a sample test.

To help pupils and teachers prepare for the MTC, Times Table Rockstars have built a sample test tool. When you play Soundcheck, you get 25 questions each with a 6-second time limit. The questions are multiplication only and evenly weighted in terms of difficulty each time you play. Al children have been exposed to Times Table Rockstars on the iPads and laptops in school and we strongly encourage them to access this at home where possible.

## Logging in to Times Tables Rock Stars

1 — Type **play.ttrockstars.com** into your browser's address bar.
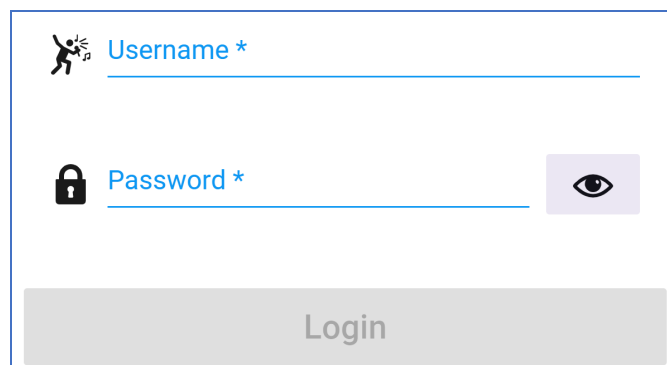

2 — Click Login! > School > Student

3 — Enter the School Name.

4 — Enter your child's username and password.

Game Modes

Single Player 🎸

Garage - the questions will only come from the times tables the teacher has set for the week. It will include multiplication *and* division questions.

As pupils start to answer questions, TT Rock Stars works out which facts they take longer on and will give them more of these questions to answer. The Garage is best for getting quicker at a few facts. Players get 10 coins per question.

Studio - the questions in the Studio can be anything from 1×1 up to 12×12.
TT Rock Stars calculates the mean response time from their last 10 games in the Studio and translates that time into a Rock Status.

If you don't play in the Studio you don't get a Rock Status.

Players earn 1 coin per question and the Studio is the place for them to set their best time across all the tables.

Soundcheck – When you play Soundcheck, you get 20 questions each with a 5-second time limit. The questions are multiplication only and evenly weighted in terms of difficulty each time you play. Players earn 5 coins per correct answer.
